Attorney's Docket No.: Navy Case 79259

REMARKS

Claims 1-21 are pending in the application. Claims 3, 7, and 13-21 have been amended by this response. Reconsideration and allowance of Applicant's claims are respectfully requested.

Claims 3, 7, and 13-21 have been amended to correct typographical misprints appearing in the claims, and therefore are not direct to patentability of the claims. For example, claims 3, 7, and 14 have been amend to correct the double occurrence of "the," claim 13 has been amended to correct "cleint" to read "client," and claims 13-21 have been amended to correct "sever" to read "server."

Claims 1-21 were withdrawn from issue and rejected under the judicially created doctrine of double patenting as being allegedly unpatentable over U.S. Patent No. 6,351,777. It is respectfully submitted that this rejection has been rendered moot by the submission of a terminal disclaimer accompanying this response. In view of Applicant's terminal disclaimer, it is respectfully requested that the rejection of claims 1-21 be reconsidered and withdrawn, and that the application be passed to issue.
